

High pressure
cleaning equipment
for professionals

MD503

SPECIFICATIONS

Pressure:	50-500bar / 705-7055psi*
Flow:	30l / min 1800l / h 7.93gpm*
Pump:	Pratissoli industrial pump
Max Temp:	Cold water
Engine model:	Kubota
Engine power:	37kw / 50hp
Fuel/cylinders:	Diesel / 4 cylinder
Fuel tank:	72litres
Water tank:	N / A
Dimensions:	150x106x91cm
Weight:	530kg

* infinitely variable pressure and volume

STANDARD FEATURES/EQUIPMENT

Stainless steel frame
Patented cooling system
30 meters HP hose on reel, spray lance and spray gun
BKX unloader

SAFETY FEATURES

Low inlet water pressure
Engine temperature
Oil pressure

IDEAL APPLICATIONS

Industrial cleaning	Building cleaning
Concrete preparation	Marine
Petro chemical	Transport

OPTIONAL EQUIPMENT

Automatic throttle control
Remote control

ACCESSORIES

Turbo lance
Water sand blasting kit
Abrasive cleaning kit
